

'Out of this World'

Topic Homework Overview

Autumn 1st 2011

- ✓ All topic homework is to be completed on A4 paper (ask if you need to take some home with you)
- ✓ It may be handwritten or word-processed

Week 1

- Research 'What is life like for an astronaut?'
- Things to think about: purpose of missions, training, food, equipment, sleep, entertainment etc.
- Write a non-chronological report with sub-headings
(Don't forget to include an introduction and conclusion)

Week 2

- Find out 10 - 15 facts about 'Space'.
Think about the Earth, Moon, Sun and beyond.

Week 3

- Complete a temperature / sunlight chart for different hemispheres (see template provided).

Week 4

- Create a factfile of a planet of your choice - include size, distance from Earth / Sun, key features, temperature, weather, picture etc.

Weeks 5 - 6

Design and make a 3D model of either:

- Solar System
- Space shuttle
- Spacesuit
- Space buggy

BE IMAGINATIVE. BE CREATIVE.

October half term homework

Continue writing in your journal (book / film reviews, diary entries, poems, recipes, interesting vocabulary, photographs with descriptions etc.)
